CAMELLIAS

CAMELLIA SASANQUA FALL AND WINTER FLOWERING

Here we have a beautiful shrub which is rapidly taking its place in the garden. The individual flowers are charming and varied in form and shape; some are single, some are double and semi double. The informality of the plant makes it a first class subject for foundation plantings and hedges.

As far as hardiness is concerned we know of plants in the Philadelphia suburbs, Long Island and Connecticut which have stood the winter for the past three years.

The plants we are offering are pot grown in our nursery in Virginia for over two years and should prove hardier than southern grown.

STANDARD VARIETIES

APPLE BLOSSOM—White flush pink.
CLEOPATRA—Rose pink, semi-double.
COVINGTON—White flushed rose, single.
MAIDEN'S BLUSH—Delicate pink, single.
PAPAVER—Soft pink. Large bell shaped, single.
ROSEA—Deep rose pink, single.
SETSUGEKKA—Large white, semi-double.
SNOW ON THE MOUNTAIN—White. Large, peony form. Double.

	10	100	1000
4" Cloverset Pots	\$12.50	\$90.00	\$750.00

BETTER VARIETIES

CHOJI-GURUMA—Rose pink, anemone flowered. Very early.
DAWN—White, semi-double. Very hardy.
RYOMEN-BENI—Dark pink. Single.
SHOWA-NO-SAKAE—Soft pink occasionally marked white, semi-double.
